

COLLEGE ILLINOIS!® 529 PREPAID TUITION PROGRAM

WOULDN'T IT BE GREAT IF YOU COULD AVOID THE RISING COST OF TUITION? YOU CAN!

The College Illinois! 529 Prepaid Tuition Program was created to help make college a reality for Illinois families. It reduces the risk of tuition inflation by allowing you to prepay college tuition and mandatory fees at today's plan rate.

So no matter how high tuition rates climb by the time your child is ready to attend school, tuition and mandatory fees will be covered at the schools in the plan you purchased. Or the value of plan benefits can be applied to tuition and fees at qualified colleges across the country.

Not only will a College Illinois! Plan help you set your student up for success, the plan offers great tax benefits for you, including a state tax deduction and federal tax benefits.

DON'T DELAY! Purchase 4 or more semesters by March 12, 2017 and receive A \$200 price reduction.
