

Pink Brain, Blue Brain:
How Small Differences Can Grow Into
Troublesome Gaps-And What We Can Do About It

Tuesday, February 14, 2017, 7:00 pm

Naperville Municipal Center
400 S. Eagle St., Naperville, IL

Inborn or learned? Genetic or socially-mediated? Attend this fascinating look at gender differences with **neuroscientist Dr. Lise Eliot.**

Dr. Eliot is Associate Professor of Neuroscience at the Chicago Medical School of Rosalind Franklin University of Medicine & Science. She has published over 60 works , including the books: *What's Going On in There? How the Brain and Mind Develop in the First Five Years of Life*, and *Pink Brain, Blue Brain: How Small differences Can Grow Into Troublesome Gaps- and What We Can Do About It.*

Distribution of information and materials through the school district does not imply District 203 endorsement
